

The People's Column

The formal opening of the \$220,000 steel bridge across the Brazos River between Robertson and Milam counties, connecting the east and west ends of federal highway No. 43, will be celebrated by a public gathering at the State bridge near Hearne Thursday. Bryan congratulates the people of that section upon the erection of the bridge, which will be of unestimable value to that section. However, it is a further indication that Bryan must get busy and vote a bond issue to secure good roads in this section for the convenience of the people in this section. With every other section obtaining good roads, Bryan will be in a precarious situation unless we get busy immediately upon securing good roads. We are sleeping on this matter while others are working. Let's get started before it is too late.

ABOUT BRYAN

The Howell Lumber Company Fair Saturday should and doubtless will receive the support of every citizen of the country. This excellent fair is held each year to stimulate interest over the county in better agriculture, and is of much benefit to the farmers. The fair also means much to the city of Bryan. Every citizen should have an annual fair. However, cities the size of Bryan do not have fairs and most of the others that do have them call on the business men for big donations to put it over. Bryan is fortunate to have a citizen who is willing to bear the entire expense of the fair and at the same time place it upon a community proposition. Be sure to make arrangements to visit the Howell Fair Saturday, which will be both interesting and educational.

Dr. M. Francis, dean of Veterinary Science A. and M. College, slipped up some fine specimens of pecans to enter the contest for the best pecans grown in Brazos county. Where these pecans were grown we don't know, but judge on the A. and M. College campus. Anyway, if they are not the best they are a close second in size, uniformity, flavor and soft shell. The contest is now so close that it will take an expert to judge. So we are going to call on our good friend, Dean E. J. Kyle of A. and M. College, a nationally known expert on pecans to come to our rescue and name the champion pecan grower of Brazos county.

Twenty-one pecan trees from 7 to 2 years old, with three bearing is the fine record of Mrs. J. W. Coulter made on her home place on east 25th Street. These trees are all native and were budded by County Agent C. L. Beason. Perhaps not the largest but more desirable because of their uniformity and fine flavor the specimens sent by Mrs. Coulter ranks among the best. We feel sure there are still others in Bryan and Brazos county that are growing fine pecans and we would be glad to get some specimens to put on display and enter in the contest for the champion pecan grower in Brazos county.

Mrs. Geo. E. Adams of Bryan, chairman for the Ninth District P. T. A. Magazine committee, in preparing her report for the nineteenth annual convention Nov. 14-18, 1927, finds the Parent-Teacher Associations of her home communities, Bryan and College, with good reports in this part of the work. Mrs. Adams since becoming a resident of Bryan, has put new interest in the members in reading the Child Welfare Magazine and the Parent-Teacher, the two official magazines of the organization.

Five men and women from Robertson county were in Bryan Wednesday consulting with County Agent C. L. Beason about the purchasing of Brazos Jersey cattle. This speaks well for the reputation Brazos county has gained for breeding fine cattle.

E. H. Astin, president of the City National Bank, has returned from Houston where he attended the American Bankers' Association. He reports a very interesting and profitable time. "There is a great crowd attending and Houston is doing herself proud in entertaining them," he said.

PETROSKY-LIRO WED
At a nuptial high mass Tuesday morning at 9 o'clock Rev. J. B. Gleissner united in marriage Frank Petrosky and Miss Sophia Liro. Both young people are from prominent Italian families and a large crowd was present at St. Joseph's church to witness the ceremony, and to attend the noon reception held at the home of the bride's friends. The young couple will reside in Bryan.

SEN. CURTIS ENTERS RACE FOR PRESIDENT

ANNOUNCED AS CANDIDATE FROM KANSAS FOR NOMINATION

(By Associated Press)
WASHINGTON, D. C., Oct. 26.—Senator Charles Curtis of Kansas, Republican leader of the Senate, today entered the 1928 presidential race. In a letter to Roy Stone of Topeka, organizer of the "Curtis For President" Club in Kansas, Senator Curtis wrote: "If my friends of Kansas desire to send a delegation to the next Republican National Convention favorable to my nomination I shall be greatly pleased to be their candidate."

'Crazy Top' Is Discussed By A. & M. Expert

(By Associated Press)
COLLEGE STATION, Oct. 26.—"Crazy Top," a new disorder of the cotton plant, is closely associated with unfavorable cultural conditions, according to Dr. F. L. Thomas, chief of the division of entomology, Agricultural Experiment Station here.

The disorder began to attract attention in the Salt River Valley in Arizona in 1919 and became so prevalent during the 1924-25 seasons as to cause serious financial losses on account of the sterility of the plants and the resultant low yields, according to Prof. Thomas, quoting as his authority a Department of Agriculture Bulletin on the subject. It added that "since the first description of the disorder by Cook in 1923, its occurrence over a wider range of cultural conditions has afforded evidence that the 'crazy top' injuries produce stress in the plants. Although there are symptoms which are distinct from the ordinary stress conditions observed in cotton plants in other regions, the extent of injury is so definitely determined by the conditions that cultural methods are indicated as a practical treatment for the disease."

"A comparison of areas cropped to cotton for several years with adjoining areas where cotton followed by alfalfa, showed either a complete absence of the disease or only a few slightly affected plants on the land previously in alfalfa, while the areas cropped continuously to cotton showed a large proportion of affected plants, many of which were seriously damaged. "The recovery of disordered plants when favorable conditions were restored and the failure of preliminary attempts to inoculate healthy plants indicate that the disease is of such a character that its development is caused by poor culture conditions rather than by infection."

"Fewer diseased plants and milder symptoms were observed on the outside rows and at the lower end of fields with steep gradients than on the inside area, indicating that an increasing supply of moisture, or more regularly available supply was a controlling factor in such fields."

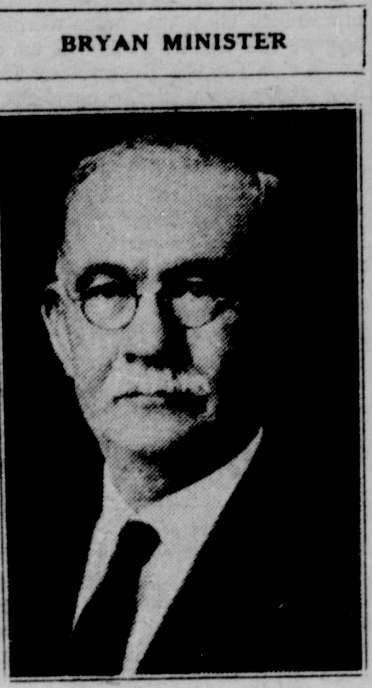

"Rotation with alfalfa or modified methods of irrigation, which bring about a deeper penetration of water and more constant supply of available moisture in the lower root zone, would appear to be the most practical measures of controlling the disease."

Considerable has been said about the disease in Texas but apparently this is the first official utterance on the subject and on control methods.

Cheers In Flogging Case Bring Orders Clear Court Room

(By Associated Press)
FORT WORTH, Oct. 26.—Cheers during the testimony of Tom Glenk in the trial of Harry Conner, charged with violation of the anti-mask law in connection with the flogging of Morris Strauss here today, resulted in the court ordering spectators from the room. No one was allowed to remain in except those connected with the case.

PREACHING SUNDAY
There will be preaching at Wellborn next Sunday morning and night by the pastor. Everyone is cordially invited to attend.

REV. J. J. TATUM
Field Secretary for Free Baptist Denomination in the Southwest.

Rev. J. J. Tatum began preaching in July 1899 and 21 years of that time he has spent in Bryan. He came from Illinois to be pastor of the local Free Baptist church and has during his stay here of 21 years served the church as pastor on several different times. For the past 12 years he has been field secretary, but he has always maintained his home in Bryan.

During his ministry he has baptized and taken into the church more than 3,000 people, built 7 churches; united more than 1,000 couples in marriage and under his ministry 28 young men have gone into foreign lands, one in India and another in Africa.

Cattle Condition Not The Best Says Robert M. Kleberg

FORT WORTH, Oct. 26.—Cattle conditions in South and West Texas in the past year, while good, are not all that can be desired, R. M. Kleberg, president of the Texas and Southwestern Cattle Raisers' Association, testified today before the interstate commerce commission hearing in cattle raises in the Southwest. The Texas railroad commissioners, Clarence E. Gilmore and Lon A. Smith, are sitting jointly with the interstate commerce commission examiners, C. E. Stiles and A. S. Parker.

Kleberg declined to predict the future of the cattle business. "The future is uncertain," he said. "We did a good business and prices have improved some, but this was in keeping with the general trend of business." However, he did say that he does not see anything that would make cattle raisers "over-jubilant."

C. I. A. Girls Know Writing of Letters

DENTON, Oct. 26.—"Letters written. Terms reasonable. Reductions on those to Aggies. Specialist in writing home for money" reads a sign on a dormitory door at the College of Industrial Arts. From which the deduction is drawn that students of the college have made a real profession of letter writing. Color complexes appear in pink, gray, blue, and widely checked stationary. Inks having been replaced by the more colorful Scripps, more cheerfulness is added to the letters by writing them in screaming purples, vivid greens and passionate reds. And often the content matches the color scheme.

OF INTEREST HERE

A large circle of Houstonians, as well as friends throughout the state, will be interested in the marriage of Miss Onah Astin of Bryan to Seth Giraud of Fort Worth which is to take place November 10 at the First Presbyterian church of Bryan. Both prospective bride and groom have frequently visited in Houston, the former with Mrs. Siles Giraud, who is to serve as matron of honor at the wedding. Miss Noble Webb of Bryan, who is now visiting Mrs. Walker T. Burns here, is to return to serve as bridesmaid and other attendants include Miss Myrtle Astin, Miss Janie Astin, and Miss Florence Perkins of McKinney, maids of honor; Misses Nan Shel Waldrop of Bryan, Miss Dorothy Cunningham of Waxahachie, and Miss Elaine Bizzell of Norman, Okla., bridesmaids.—Houston Chronicle.

Hundreds Drown as Big Italian Ship Goes Down

(By Associated Press)
RIO JANEIRO, South America, Oct. 26.—The luxurious Italian steamship, "Principessa Mafalda" carrying more than a thousand passengers, most of them Italian immigrants to Brazil and Argentina, sank last night off the coast of Brazil with a death toll believed to number in hundreds. Rescue ships standing by all night picked up at least 720 persons of 1,208 stated to have been aboard the stricken vessel, while another estimate placed the number saved at 1,000. A Brazilian cruiser left today under orders to aid in the rescue work, while four steamers are at the scene, three of which were known to have rescued hundreds of persons. The cause of the disaster is not definitely known here, but it was believed that the vessel struck a reef and foundered after her boilers exploded.

MONTEVIDEO, Oct. 26.—Only 34 of 1,258 persons aboard the steamship "Principessa Mafalda" are missing late today, said a message received by the local Agency Navigazone General SS. Italian.

GOV. SHOWS FALL RESORTED TO SECRECY

WHEN HE ORDERED TEAPOT DOME OIL LEASE TURNED OVER TO SINCLAIR

WASHINGTON, D. C., Oct. 26.—Holding steadfastly to its line of attack the government continued today to produce testimony to show that Albert Fall resorted to secrecy in order to turn over to Harry Sinclair the Navy Teapot Dome Naval Oil Reserve. Calling Theodore Roosevelt to the stand the government in criminal conspiracy trial of the former Secretary of the Interior and oil man, gained from him a statement that he knew nothing of the lease until some time after it was signed by Roosevelt who at that time was Assistant Secretary of the Navy.

Interscholastic League Football Games Slated

AUSTIN, Oct. 26.—Interscholastic League football games slated for this week ending October 29 have been announced by Roy B. Henderson, athletic director for the League Bureau of the University of Texas.

The games arranged in Conference A are the following:
Wichita Falls at Lubbock, Quanah at Plainview, Vernon at Electra, Bryan High at Fort Worth, North Side, Sunset (Dallas) at Fort Worth Central, Corsicana at Waxahachie, Itasca at Cleburne, Mineral Wells at Denton, E. T. S. T. College Training School at Sherman, Commerce at Greenville, McKinney at Paris, Sulphur Springs at Denison, Palestine at Marshall, Jacksonville at Tyler, Texarkana at Nacogdoches, Athens at Lufkin, Huntsville at Bryan, Beaumont at Galveston, Houston Central at Port Arthur, Brackenridge at Waco, Corpus Christi at Austin, Temple at Main Avenue (San Antonio).

Representatives of Gas Company Here Checking Signers

R. B. Steger, E. H. Newman, E. U. Young, representing the Community Gas Company are in Bryan today checking the list of gas subscribers for Bryan and College. As soon as the list is checked and found to be satisfactory, a community survey will be made and users of gas spotted on the map. It is thought that the gas company will be laying pipe in Bryan and College by November 30.

DR. MCCAIN RETURNS

Dr. H. H. McCain, pastor of the First Methodist church and chairman of the Methodist Hospital Board of the Texas Conference has returned from Houston where he attended a board meeting Monday. The Methodist hospital of the Texas conference at Houston was found to be in a flourishing condition.

E. ONTHANK CHOSEN HEAD BANK DIVISION

AMERICAN BANKERS HEAR PRESIDENT OF BAR ASSOCIATION

(By Associated Press)
HOUSTON, Oct. 26.—Addressed here today for the annual meeting of the American Bankers Association. The only address delivered today before the general meeting was made by Silas Strawn of Chicago, president of the American Bank Association. Other speakers appeared before sectional bodies of the association. Announcement said Elmer Onthank of Fitchburg, Mass., had been elected president of the National Bank Division of the organization.

Highway Notes

The roads in Brazos county are in the best condition I have ever seen them, said Mayor Wilson Bradley, after making a tour to the north. The grading and drainage has put them in excellent condition. Just such remarks are what you hear on every side. Engineer Jno. E. Blair is keeping the work in his division up to a standard that has been maintained by few.

In the next few days highway No. 21 from Bryan to the Democrat crossing will have been completed as to drainage and grading. After a good rain and the road can be dragged this road will be in an all weather condition.

The early spring will see Highway No. 6 topped from the concrete road in the Navasota Valley up to near Millican, to be exact, about 8 miles. Not much work is being done on this portion of the highway as it is to be put in permanent condition in the early spring.

Pitts Bridge road has been drained and graded. That portion of the road in the Thompson Creek valley will always overflow it is said, by Engineer Blair, until larger bridges are built, so the overflow can run off rapidly. These bridges will be built as soon as the maintenance fund will justify it.

Road conditions in Texas have improved in the past year and if this same standard of maintenance is maintained results should be more evident in the coming year.

ANN HAS BIRTHDAY PARTY ON TUESDAY

Little Miss Anne Read Kernodle was five years old and invited eleven little friends who were five years old to have dinner with her Tuesday at noon at the home of her grandparents, Mr. and Mrs. W. Wiprecht. The guests with little Miss Anne for the day were: Lynette Edge, Alice Sue Roman, Mary Louise Boyett, Ruth Gordon Watts, Anne Seale, Patricia and Theodora Johnson, Dorothy Smith, Lena Marie Adams, Betty Jane Winkler, and Frances Carlisle.

FOUR NEGROES DROWN AS CAR LEAVES FERRY

THREE OTHERS IN NARROW ESCAPE. PARTY ON WAY TO FUNERAL

(By Associated Press)
LAKE CHARLES, La., Oct. 26.—Four negroes, two men and two women, all from Port Arthur, Texas, drowned while three others had a narrow escape last night, when an automobile in which they were riding rolled backward off a ferry boat, near here. The party was on the way to a funeral.

Old-Timer Made Horseback Trip Around Universe

AUSTIN, Oct. 26.—The swash-buckling pioneer days when the Indians and the plainsmen took shots at each other and craftily stalked amongst the pussy willow foliage festooning the Brazos river, were recalled here recently by a real old timer, Col. W. B. Hicks, 86, of Texas and Oklahoma.

He is known in plains tales as "Crow Scout Curley." He is riding horseback to New York and Washington, to visit President and Mrs. Coolidge and see about collecting an estate of \$8,000,000 to which he is sole heir. Col. Hicks' story of his life sounds like a boy's story book. He has credentials to show that he was with Gen. George Custer as a scout in the last battle of the Little Big Horn in Montana, when the famous fighter was killed. Fifty years ago, Col. Hicks served a term as a captain in the Texas ranger force. Later he was a crack rider and pistol shot with the first Buffalo Bill show. Riding into Austin on Texas Jack, an Arabian horse, Col. Hicks expressed hope that "people will retain a respect for the horse even in this automobile age."

He has a book with postoffice stampings showing that he had been in several thousand towns and cities in America and abroad. Many of these affixtures were received during a horseback trip around the world from 1910 to 1913.

Owner of 800 acres of oil land inherited from his mother who was a full blood Comanche Indian, Col. Hicks lived until he was 86 before learning three months ago from a New York lawyer that he was heir to the large estate left by his father, George Hicks of Fort Worth, early day rancher, he said.

This is his first visit in 50 years since he was sentenced to death for killing eight Mexicans near El Paso while a ranger captain. He later was pardoned. "I would have got the other two in that bunch of smugglers, but ran out of shells," he said.

BANK ROBBERS REMOVE SAFE

(By Associated Press)
RED ROCK, Okla., Oct. 26.—Breaking into the vault of the State Bank here early today, robbers removed the safe containing \$5,200 cash and Liberty Bonds.

RUTH ELDER DELAYS FLIGHT DUE TO COLD

CONFINED TO BED WITH COLD DEPARTURE FOR MADRID IS DELAYED

(By Associated Press)
LISBON, Oct. 26.—Ruth Elder, who arrived here yesterday with George Haldeman, her co-pilot, in the trans-Atlantic venture of the American girl, is confined to her bed today with a cold. Her departure for Madrid scheduled for today probably will be delayed for a few days.

Friendship Bible Class Has Monthly Social Meeting

The Hallowe'en spirit was at a delightful height Tuesday night when the Friendship Bible Class of the First Baptist church enjoyed its monthly social at the home of Mr. and Mrs. E. E. Bullock, with Mrs. Bullock, Mrs. E. H. Gibbons, Mrs. Chas. E. Griesser, Miss Katherine Cason, Mrs. W. L. Powers and Mrs. F. P. Martin.

Mrs. Bullock's home was a bower of color and artistic decoration with the Hallowe'en symbols and festoons of black and yellow everywhere in evidence. Exquisite roses and cosmos in silver baskets and crystal bowls, completed the decorations and made a pretty setting for the members of the Friendship Bible class of young women assembled.

A "spook" in Hallowe'en attire met at the door and mingled with the guests, supposed to be "deaf and dumb," but in fact the liveliest "dummy" on record. Hallowe'en games kept the crowd laughing for the two hours of the party, and a vote of appreciation was voted the program committee for the joy of the delightful evening. A refreshment plate of orange ice served in crystal cups, with lady fingers, and a spray of yellow cosmos blossoms on each plate, was served at the close of the hours.

Those present were: Misses Bella Locke, Lois Gilstrap, Daisy Hicks, Sadie Hamilton, May Sowarby, Lillie Belle Pipkin, Katherine Cason, Mesdames E. H. Gibbons, Chas. E. Griesser, W. L. Powers, M. Eades, M. Lowery, W. A. McGee, H. C. Fender, Dan Hall, Guy Harris, Edgar Bullock, Harold Yeager, Miss Price, Miss Wilma Nealey and Mrs. Buchanan.

Little Theatre Will Offer Prize For the Best One-Act Play

An unusually fine meeting of the Bryan Little Theatre was held Tuesday night at Carnegie Library auditorium with all officers present. An important action was taken by the organization, when it was voted unanimously to offer a prize in Bryan high school, during the coming spring term, for the best one-act play written by a high school student. This contest was planned with the view of encouraging talent for play writing and also to be educational in the rules and regulations leading to the best in dramatic art.

Miss Julia Southern, the newly elected assistant director of the Bryan Little Theatre, gave to the assembled meeting Tuesday night, a delightful little one-act play entitled "Rehearsal," written by Christopher Morley. Those taking the various parts in the play were: Dorothy Doane, Kathleen Bullard, Marie Elizabeth Webb, Ida Belle Higgs, Louise Weddington, and Miss Elizabeth Holt. The Little Theatre thanked Miss Southern and the cast of "Rehearsal" for the program given.

Former Legislator Visitor In Bryan

Hon. O. D. Baker of Orange, but formerly of Gause, Milam county, was a visitor in Bryan today with his daughter, Mrs. W. G. Alsbrook, enroute to Hearne to attend the opening of the new Brazos River bridge at Old Nashville on tomorrow, when he will be one of the principal speakers. Mr. Baker represented Milam county in the 37th and 38th legislature. Texas has no better friend than O. D. Baker. He is untiring in his efforts for its development and progress whether as a legislator or a private citizen. Mr. Baker at present is directing a demonstration farm for a land company in Orange county and oversees thousands of acres.

SANITY TRIAL IS HALTED DUE TO DEATH

MEMBERS OF JURY ORDERED TO ATTEND FUNERAL SERVICES TODAY

(By Associated Press)
LOCKHART, Oct. 26.—The sanity trial of A. V. Millikin was in recess this morning due to the death of the grandmother of Juror Holland Page at Red Rock. Members of the jury were ordered last night to attend the funeral today. It is expected the trial will be resumed this afternoon.

Trades' Day To Be Staged Later

Although each member of the committee is heartily in favor of the plan, in view of the short period of time, it was decided last night at a meeting of the Lions Club trades day committee not to attempt it Saturday, but to wait until the matter could be handled on a large scale.

It was the unanimous opinion of the committee that a trade's day was an imperative need and that it would be of much benefit to the public and to Bryan. Harry S. Edge as chairman of the committee presided over the meeting. Among those present were Bill Wimbler, J. E. Henson, Charles Griesser, U. M. Brock, Jess Hensarling, Noah Dansby, R. C. Franks, and Tom Suber.

Dr. E. W. Solomon Dangerously Ill

In response to a telegram late yesterday afternoon from Jasper, telling of the serious illness of Dr. E. W. Solomon his son, Mr. and Mrs. W. W. Solomon and family left immediately by car for Jasper to be at his bedside.

Dr. Solomon was formerly pastor of the First Methodist church here in Bryan and has many friends, who will be grieved to learn of his illness. On account of his advanced age, 76 years, much anxiety is felt for his recovery.

Dr. Ettlinger Will Deliver Lecture To Science Seminar

AUSTIN, Oct. 26.—Two addresses will be made early in November before science clubs in Texas by Dr. H. J. Ettlinger, professor of pure mathematics in the University of Texas. On November 2, Dr. Ettlinger will deliver a lecture before the Science Seminar at Texas A. and M. College, College Station, on "From Euclid to Einstein," an historical survey of mathematics. The seminar is made up of professors at the college and men working at the Experiment Station. The second address by Dr. Ettlinger will be before the Science Club of Texas Technological College, Lubbock, November 5. He will at that time talk on "Recent Advances in Aeronautics." Dr. Ettlinger is teacher of several courses offered in aeronautical engineering at the University.

SANTA FE TO BUILD EIGHT MILES NEW LINE

WASHINGTON, Oct. 26.—Over opposition of the Texas and Pacific railroad the Interstate Commerce Commission today gave the Santa Fe system permission to build eight miles of new lines into West Dallas, Texas.

Selection Of Jury Started In Fisher County Case Today

ANSON, Oct. 26.—Selection of jury for the trial of Joyce Shephard, alias Bill Smith, charged with slaying Deputy Sheriff Jake Owens of Fisher county, started here today.

Cotton Market

Cotton futures closed today 50 to 60 points up; local spots were quoted at 20 3-4 to 21 3-4 cents, middling basis.

BRYAN WEEKLY EAGLE

Entered at the postoffice at Bryan, Texas, April 22, 1912, as second class matter under act of Congress March 3, 1879.

The contest for championship in growing pecans in Brazos county is getting so close that it is going to take a committee of judges to determine it. We have further tangible evidence that Bryan can grow fine pecans in some specimens grown by Mrs. E. J. Jenkins in her home yard on East 27th Street. For uniformity of size they are the best we have yet had and as for flavor and soft shells they are as good as the best. There are fifteen of these trees, native, some ten years old, and budded by the A. and M. College authorities. More than 50 pounds of pecans have already been gathered from them this year and it is expected 50 more pounds will be gathered before the season is over. In the list of growers of fine pecans are: Judro W. C. Davis, Mrs. C. F. Moore, Mrs. S. C. Williams and Mrs. E. J. Jenkins. If there are others we will be glad to know of them. Every home yard in Bryan should have at least one pecan tree.

Texas has a great advantage over northern sections as a dairy country, and Brazos county has a great advantage over many other sections in Texas in that cattle here can graze at least 10 months each year on the open range, and at no time is any shelter necessary, other than an inexpensive shed. Texas is awakening to the possibilities in dairying and is rapidly improving her herds of dairy cattle. Brazos county can at this time boast of one of the finest Jersey herds of dairy cattle in the State. While this is something to be proud of, yet we should not be satisfied with this, but should strive to make Bryan the dairy center of Texas.

Mrs. Minnie Witherspoon, teacher of the State Girls' Training School at Gainesville, is related to the superintendent of the institution, according to a decision of the Attorney General's Department. Although there perhaps was no harm done in this violation of the nepotism law, we have had far too much of this in Texas in public offices. Our government must be kept on the plane of democracy.

Waco is to sponsor a "Father and Son Week" from November 6 to 13. There is no need in America greater than for the fathers and sons to become better acquainted. Every son has been helped immeasurably by his father. In being a pal to his son, a father can be of unestimable value. Many great men owe much of the credit for their success to their companionable fathers.

The Bryan telephone company, which is privately owned, has been sold. Under private ownership, the telephone company has rendered splendid service, and it will be no small accomplishment for the new owners to keep the service up to the present high standard. The day of private ownership of public utilities is over; large corporations are purchasing them everywhere.

Lita Gray Chaplin, the actress, visited President Coolidge yesterday at the White House, and when she left said of Cal that "he's pretty nice." If Coolidge continues in his declaration that he will not run again, many a Republican politician with the presidential bee in his bonnet will have the same opinion of Mr. Coolidge.

Five students have been recommended by the authorities of A. and M. College as prospects for the Rhodes Scholarships. This honor goes each year to the best all-around man to be found in Texas institutions of higher learning. A. and M. could receive no better compliment than to have one of its cadets chosen for the award.

Elbert Henry of Rockdale is dead, a victim of an accident while hunting. Each hunting season takes its toll by accident. We are too careless with human life, whether it is at the steering wheel or in a pasture.

A "thinking machine" that far surpasses the human brain is said to have been invented. Latin and Greek languages are in for another setback.

W. L. Hughes of A. and M. College has been endorsed for president of the State Teachers' Association. We doubt if a wiser choice could be made.

Now that the gas situation has gone over the top, will be easier in the future for Bryan to secure other improvements.

The appointments of Governor Moody show that it pays for a town to produce a Governor.

FLOWERS FOR THE LIVING

There are moments in the lives of many of us when a hearty handshake accompanied with kind words of sympathy and encouragement, will do more to cheer and comfort us on the rough and rugged path-way of life than anything else can do. When a man has performed his duty well, tell him so. Neglect of duty is a serious offense. Fulfillment of duty deserves praise and reward. When a man is faithful to the trust reposed in him and performs his duties well, tell him so that he may feel and know you appreciate his efforts. Do not wait until he dies before sending him flowers, because then he can neither see their loveliness nor enjoy their fragrance. Practice the wonderful philosophy of life, "Flowers for the Living."

Texas has won again. Elaine Arnold, sixteen-year-old Houston, Texas girl, has been awarded the Sembrich musical scholarship after a competition with the leading amateur singers of the country. Miss Arnold was the youngest entry for the scholarship. She will be taken under the personal guidance and instruction of Mme. Marcella Sembrich and will make her home with her. In being a companion to this young artist, Mme. Sembrich can be of unestimable value. Many of the great artists owe much of the credit for their success to their companionable instructors. This should be an inspiration to other Texas singers.

There is no use in a person ever thinking about growing old. Philip P. Coghlan, 95, who died recently had been actively engaged in the printer's trade for 79 years. His long life of usefulness had recently won for him a medal from the Educational Graphic Society. Today, many men think that at the end of 25 years of activity in their business or profession they should be ready to retire. No man should retire as long as he can be of service to others.

A market center is being agitated in Bryan and in other nearby towns. This is one of Bryan's greatest needs. We preach to the farmers to practice diversification, but when he brings his products to town, he has no place to sell them. A market center also would be of great convenience to the housewife. This is one of the few improvements that help both the producer and consumer.

The Census Bureau tells us that in 1925 each industrial worker in the United States was responsible for an output of \$7,479 worth of goods, the total amount having been \$62,706,000. Perhaps this explains why agriculture is the least prosperous of all gainful occupations.

Henry Ford has approved his new car, but not for production, says a news dispatch from Detroit. We wish Uncle Henry would rush up his new car in order that the people will be in the proper frame of mind to discuss the next presidential election.

The Chamber of Commerce of Cameron has appointed a committee to call upon the commissioners court and ask for the erection of public rest rooms for the people of the country. Similar action should be taken in Bryan.

The American people buy everything these days according to style. Some automobile dealers have been told not to show the engines of their cars unless upon special request. Men are becoming as interested in styles as women.

The chief function of passenger trains these days is to carry the student bodies of our institutions of higher learning to football games each week-end.

Charles A. Levine admits that his flight to Europe and over the continent cost him \$125,000, but that he is happy. He ought to feel happy that he came out alive.

It's always better in Texas. Florida is having a record cold for October, while in California it is unusually hot. In Bryan the temperature has been just right.

With gas secured, the next step is to secure good roads. There is practically no opposition here to a bond issue for good roads. Our people have their eyes open.

A man named Morrow has been chosen to be ambassador to Mexico. If he lives up to his name, he should fit in well in Mexico.

LOCAL COMPANY ONE OF THE FEW INDEPENDENTS IN LARGE TOWNS

J. Webb Howell Announces Sale to Southwest Telephone Company, With Headquarters at Little Rock, Ark.; No Change to Be Effected in Management or Force

The Bryan Telephone Company, one of the few independent companies in cities in the United States of 8,000 population, was sold today to the Southwest Telephone Company with headquarters in Little Rock, Ark., for an unannounced consideration, according to its owner, J. Webb Howell. The sale will become effective December 1. In conversation with Mr. Howell he stated that the Bryan Telephone Company has been a special hobby of his and is reluctant to sell but realizing that only a few independent telephone companies are left and seeing the handwriting on the wall that now was an opportune time to dispose of his exchange. There will be no changes in the management, office force, operators and other employees. In fact outside of this announcement the public would not be aware of any change of ownership. Ed Sims, the manager first started with the company when he and one other operator, were the whole force; manager, trouble man and operator. He has seen the plant grow from a small beginning up to the present employing 19 operators, a cable man, one trouble man and two helpers, besides the office force. Mr. Howell says he can assure the telephone patrons that the new owners are practical telephone operators and have lately bought so many plants in Texas that they will soon move their headquarters to Texas. He wants to take this opportunity to express his appreciation of the co-operation and the good feeling existing on the part of the public toward the employees of the company and at the same time to thank those in his employ for their untiring loyalty and effort to render the best service possible. When asked about the rumor of his leaving Bryan, Mr. Howell stated that he has lived in Bryan all of his life and the older he gets and the more he sees of other towns and cities the more convinced he is that Bryan is the best place to him in the world to live and he has no idea of ever leaving.

United Daughters of Confederacy Hold Interesting Meeting Friday

At the October meeting of the L. S. Ross Chapter, United Daughters of the Confederacy, held Friday afternoon with Mrs. J. B. Stevenson, an interesting outline of chapter activities for the coming year was announced. The members came together with renewed enthusiasm after the months of vacation, and plan to make this, the best year in the history of the organization.

Mrs. Stevenson's reception rooms were adorned with fall blossoms and the genuine southern hospitality, always present in her home was delightfully evident. Mrs. R. H. Harrison as joint hostess assisted in greeting the members as they arrived, giving cordial welcome to each one.

The chapter president, Mrs. Albert Buchanan, presided and Mrs. S. M. Hunter as secretary was at her post of duty.

After opening the meeting with the Lord's Prayer recited in concert, the business was taken up.

Mrs. D. C. DeMaret, of the committee to place pictures of Confederate heroes in Bryan schools this year, reported that a splendid portrait of General Stonewall Jackson had been presented for the purpose by Mrs. M. A. Lawson and Miss Eleanor McDonald of this city. The thanks of the chapter for this elegant gift, was voted the donors, and will be conveyed by note of thanks to Mrs. Lawson and Miss McDonald. Mrs. DeMaret and Mrs. V. B. Edge compose the committee in charge of this work, and the picture will be hung with appropriate ceremony at a date to be announced soon.

Mrs. Alice Cole, a new member of the local chapter was appointed to have charge of the Chapter Book of Customs for the year.

Mrs. P. E. Wallace and Mrs. J. S. Doane were joyfully received as new members into the chapter. The chapter voted unanimously to begin at once, the establishment of a Confederate museum in Bryan, where relics of the Confederacy and that period of the nation's history will be safely kept and prized. The committee appointed by the president to take charge of this work includes Mrs. P. S. Park, Mrs. J. M. Dunn, Mrs. E. F. Parks and Mrs. W. H. Cole.

Mrs. P. S. Park, delegate from the chapter to the state convention at Wichita Falls, was provided annual chapter reports and credentials and will make a report of the convention at the November meeting of the chapter.

The members of Bryan U. D. C. went on record as in favor of Miss Katie Daffan of Ennis, for the office of President and General of the Confederacy at the general meeting to be held at Charleston, S. C., November 15, 1927.

The chapter will foster this year in its program of work the enlargement of the A. and M. scholarship fund, the placing of pictures of Confederate heroes in the city schools, the establishment of a Confederate museum in Bryan, the annual contest in unwritten Southern history, the observance of Lee and Jackson Day and annual Decoration Day.

The passing of a delicious refreshment plate, with Hallowe'en decoration, completed this most charming afternoon spent in Mrs. Stevenson's cozy home.

The November meeting of the chapter will be held Friday, November 18.

clean up this den of iniquity, this degenerate hole. I always get up and tell them I'll have nothing to do with it unless they can put something better in its place." Good said vehemently, and added, "they usually have little success in cleaning them up unless they do offer a better place of amusement."

Commenting upon the effect Hi-Y clubs were beginning to have upon high school boys, Good said that school officials had reported better conduct and a more Christian character in general among students after the clubs had been organized in their school.

To tell boys of high school age not to do things is at least a waste of time, Good believes. The proper way to give them good moral training is to supervise their recreation and always have something for them to do. When a boy is 16 or 17 years old gets a dislike for the teachings of his parents, his teachers, and in general believes the world does not understand him. This leads to much disregard for any advice given him.

Hi-Y clubs offer boys an opportunity to do things for themselves. Good continued. There are such things as thrift week and better speech week in which the boys take an active part. They give speeches, conduct campaigns, and in all do most of the Hi-Y work. Thus they indirectly follow the teaching of their elders who supervise the clubs. There now are 105,000 Hi-Y boys in the United States.

Imprecable Reform Clubs
Good took a sharp rap at the methods used by many clubs and societies to reform boys. He said they were not practical and instead of showing boys the pleasure they would derive from better things they try to impress upon them the evil of their ways. "When long-faced, gavel-sounding men and women start yelling 'We must

Golden Rule Farm High In Contest

The Golden Rule Poultry Farm of Bryan, owned by V. J. Boriskie, is second in the highest contest individuals to date and third in the Barred Plymouth Rocks contest, according to the report of the National Egg Laying Contest conducted by A. and M. College.

L. C. Beall of Vashon, Wash., is first in the highest contest individuals, leading a hen of the Golden Rule Poultry Farm by the narrow margin of one egg.

Steep Hollow Cemetery Ass'n. To Meet Sunday

Sunday, October 30, is the date for the annual meeting of the Steep Hollow Cemetery Association, according to announcements made by the president, C. M. Risinger, the secretary, Mrs. Laura Mims Hicks, and the business manager I. M. Cook.

This day held annually at the old community center at Steep Hollow, has come to be one of the outstanding events of the year in Brazos county, especially to those who have lived in that neighborhood. Many of the citizens of Bryan and nearby cities were born and reared at old Steep Hollow, and it is always a pleasure for them to come "back home" once a year on the date of the annual meeting of the Cemetery Association Board.

This announcement is made at this time in order that all may know of the definite date for the meeting and make arrangements to be present. The program for the day will be announced later. However, it will be an all-day meeting with a basket dinner served at the noon hour.

The following constitute the board of directors of the Steep Hollow Cemetery Association and will have charge of the affairs of the day Sunday, October 30: C. M. Risinger, I. M. Cook, T. P. Hall, J. Vandiver, W. H. Buchanan, Mrs. I. M. Cook, Mrs. Ethel Edmunds, H. P. Damsy, E. U. Peters, Mrs. Laura Mims Hicks, Miss Lola Foster, Mrs. J. W. Wiley, J. E. Hensarling, J. D. Martin, T. A. Hensarling Sr.

Cotton Weighed In Bryan Warehouses

Cotton weighed in Bryan warehouses up to close of business Saturday night was as follows:

Farmer's Union 7,594
Parker's 5,160
Eden's Gin, 1,152
Eden's Gin, 1,152 round and 37 square bales 613

Mrs. Howell Leads Delphian Chapter Meeting Friday

The Bryan Delphian Chapter had a most profitable meeting Friday afternoon at the Carnegie library with Mrs. W. S. Howell as leader of the day's program. The lesson was on "The Early History of Music," and the leader brought out many points of interest relating to the early music. Text reports on the lesson were given as follows:

"Early Church Music," Mrs. M. Francis; "Origin of the Liturgy," Mrs. J. S. Mogford; "Musical Notation," Mrs. S. E. Elberstadt; "Cantation," Mrs. C. H. Alvord; "Metatone," Mrs. Wm. Owens; "Medieval Music," Miss Willie Rogers.

An excellent report was given by the critic, Mrs. Thos. Lunden, who also added much to the selection by playing an Early Church Hymn Book. "Gloria Patria" (the difference in chanting and intoning being illustrated in these) "Te Deum," Beethoven's "Magnificat" (Song of Mary), and the same by a Scotch composer, were compared. "Benedictus" (Song of Zacharias) completed this group of hymns. During the general discussion after the topics of the lesson had been given an informal group lesson proved most interesting. The members sang the stirring Welsh song "Men of Harlech." A selection written in 1529 by Martin Luther "Eine Feste Burg" closed the general discussion. The president, Mrs. Mogford, reviewed the qualifications of a good Delphian member, and the chapter closed by repeating its motto, "Not what we have but what we share; in ceasing to share we cease to have."

Allen Academy and Terrell Military Academy will play in Bryan Friday afternoon at 3:30 at Allen Field. It was decided today. The high school game between Bryan and Huntsville probably will be played on Allen Field Saturday afternoon.

Bryan Prominent In A Fort Worth Paper On Sunday

Pictures of a prominent Bryan business man and a pretty Bryan girl appeared in the Fort Worth Star-Telegram Sunday.

A picture of W. S. Howell appeared in the paper as one of the ardent Aggie supporters in Fort Worth for the football game.

A picture of Miss Onah Astin, as a bride-to-be, appeared in the society section of the paper.

MRS. BARRY TO SPEAK
Mrs. Maggie W. Barry of College Station will speak at the Texas Congress of Mothers and Parent-Teacher Associations, which meets in Houston Nov. 13 to 17. Mrs. Barry's subject will be "The Challenge to the Home."

Mrs. Barry has made a profound study of the modern child and his needs. She is a noted child psychologist and is known internationally.

HOWELL FAIR WILL BE HELD ON SATURDAY

PRIZE WINNING HOG OF DALLAS FAIR TO BE ON EXHIBITION HERE

The Howell Lumber Company Company Fair will be held in Bryan Saturday, October 29, according to W. S. Howell.

There is much interest all over the country in the fair, and many attractive prizes will be awarded. The interest is found among individuals as well as in the community clubs.

Fred Hale of A. and M. College announces that the prize-winning hog of the Dallas fair will be on exhibition for the Bryan fair. This hog was grown in the corn State of Nebraska.

Judging will be done by experts of A. and M. College.

Those who expect to have entries in the fair must bring them in Friday. Indications point to a tremendous crowd for the fair.

Bryan Colored Football Team Wins Easy Game

(Contributed)

Both teams marched out on the gridiron keenly clad. The Calvert Hi team adorned the field with 11 full size high school boys in green and gold. The anxious fighting team from Bryan high stood in a somewhat semi-circle awaiting the kick-off. The pigskin was sent down the field by the golden toe of one of the Calvert kickers for more than 40 yards, which was received by one of the youngest players of Bryan high, K. C. Thomas, who ran for more than 25 yards. Finis Walker, quarterback, called his boys into play and on the third down he made a right end run for a touchdown.

Bryan high made one touchdown in the first quarter, two in the second, one in the third and two in the fourth, kicking only one goal. The game ended, score, Calvert 0, Bryan high 37.

Those who deserve honorable mention for the success of the game were: Williams, Thomas, Mallard, Martin, Lane (capt.), Burrows, and Agent. Both teams acquitted themselves like clean sportsmen which showed that they were not only being taught high school football, but football in the fullest meaning; that is, "to fight and win through clean and fair play."

Free Baptist's New Pastor Is Now In Bryan

Rev. and Mrs. M. L. Hollis and two children arrived Saturday afternoon from their former home at Vernon, Alabama, and will make this city their home. Rev. Hollis recently accepted the pastorate of the Free Baptist church of this city and comes to take up his duties. For the present Rev. and Mrs. Hollis and family are with Mr. and Mrs. Jas. L. Edge on West 26th Street, where they are meeting the members of the local church, and making many new acquaintances and friends. Bryan welcomes them as citizens.

Rev. Hollis has been preaching for eight years, and has worked as an editor and printer. He has done evangelistic work in North Carolina, South Carolina, Florida, Georgia, Alabama, and Mississippi. His last pastorate was at Vernon, Ala.

Mr. Hollis finished high school at Meridian, Miss., and took his theological course in Ayden, N. C.

Warm Weather Prevails Here The Past Week

Regular summer weather prevailed in Bryan during the past week, according to the weather report at A. and M. College. Following are the statistics:

	Max.	Min.
Monday	85	55
Tuesday	78	50
Wednesday	83	53
Thursday	90	54
Friday	91	57
Saturday	88	59
Sunday	87	58

There was no rainfall during the week.

Bryan Will Be Host To Church Group On Sunday

The Christian Endeavor of the Houston District, will meet in Bryan, Sunday, October 30 at the Free Baptist church. The district includes the Endeavor Societies of Houston, Galveston, Huntsville, Bryan and Normange, and delegates from these places will attend the Bryan meeting. The C. E. organization of the hostess church will be in charge of arrangements. Officers are: Walter Holmes, president; Mrs. Harry S. Edge, vice president; Eric Fletcher, secretary. Further announcements of this important meeting will be made thru the Eagle later in the week.

Allen-Terrell Game To Decide Academy Pennant

Allen Academy and Terrell Military Academy will play in Bryan Friday afternoon at 3:30 at Allen Field. It was decided today. The high school game between Bryan and Huntsville probably will be played on Allen Field Saturday afternoon.

For results advertise in The Daily Eagle.

Former Bryan Man, Now Texas Professor, Wins Praise Over Nation For His Many Paintings

Bryan and College friends will read with interest of the recent recognition that has come to Dr. Samuel E. Gideon, a former Bryan man, through his paintings, which have been exhibited in many places throughout the United States. Dr. Gideon made his home in Bryan for many years and was connected with A. and M. College in the architectural department. Mrs. Gideon will be remembered by friends as Miss Cavitt, daughter of Dr. and Mrs. J. W. Cavitt.

One of the most recent awards made to Dr. Gideon was at Victoria when his painting "The Alamo," was judged best in the division representing historical Texas subjects. Shortly before this exhibition, Mr. Gideon was given first prize award in the water color division of the Nashville Art Exhibition on his picture, "Mission San Juan Capistrano, California," a picture which was also shown in Austin at the Texas State Exposition.

A review of Mr. Gideon's art achievements appeared in the September issue of "La Revue Moderne," a Paris, France, art journal. The article refers particularly to Mr. Gideon's pictures on exhibition in the Charleston, S. C., exhibition not long ago. The article reads as follows:

"Samuel E. Gideon has won a new success with his contribution to the Charleston Salon, where he was represented by two land-

scapes: 'Laguna Beach' and 'Emerald Cove, Laguna Beach,' in which his talent attains an intensity of expression which is quite remarkable.

"Samuel E. Gideon was born in Louisville and was educated at Harvard, then Massachusetts Tech, where he studied with Ross Turner, Despradelle and Duquesnoy. In 1911 he came to Europe where he did considerable work. He has the reputation of being one of the best landscape painters of the Atlantic and Pacific coasts. And there is to be found in his present canvases the mastery which he had already revealed when he was guided by Lafoux, Carlu, Bray and Gorguet.

"As Professor of Architecture of the University of Texas he has collaborated on periodicals and magazines of the country.

"His artistic work gives evidence of a careful and considerable effort. At Boston, at New York, at Baltimore and in general at each important showing Samuel E. Gideon has taken his place by a daily progress and a continued improvement which makes of his a master.

"Recently at Nashville he won the first prize for water colors.

"Most important collections possess a work of this painter who is so sincere and so enlightening. He has been able to describe with an emotion and a rare sobriety in expression the charm of the California Coast."

Cotton Expert Visits In Bryan

J. M. Gregg of Charlotte, N. C., secretary-treasurer of the Southern Cotton Manufacturing Association, is in Bryan visiting in the home of Mr. and Mrs. F. E. Lichte. He attended a meeting of the Texas Textile Association in Waco last Friday and Saturday, and also took in the Cotton Palace.

He is enroute to the semi-annual meeting of the Southern Cotton Manufacturing Association at Birmingham Friday and Saturday.

INVITATIONS ISSUED FOR BARWISE-ASTIN WEDDING NOVEMBER 10

Today's mail brought to Bryan and College friends handsome invitations from Mr. and Mrs. Ervin Hugh Astin, who request the honor of their presence at the marriage of their daughter, Onah, to Mr. Seth William Barwise, Fort Worth, on Thursday, the tenth of November at eight o'clock at the First Presbyterian church. Cards were enclosed for a reception at the home 3213 College Avenue at 8:30 o'clock, on Thursday, the tenth of November.

SATTERWHITE CASE PUT OFF UNTIL JANUARY

The case of the State against Elwell Satterwhite, charged with criminal assault upon the person of Angelina Vitopil, was postponed this morning until the January term of district court on account of the absence of material witnesses.

There was a large crowd at the court house at the opening of the trial. No case in Bryan in years has attracted as much attention as this one. Satterwhite is still in the local jail.

Dreadful Aches, PAINS Disappeared

"My health had been poor for ten years, before I took Cardui," says Mrs. Anna Cronin, of Rockport, Ind. "I was lifeless and 'no account.' I dragged around day after day, every move an effort, and never feeling the joy of being well."

"At times, I had a dreadful ache across my back, and my sides hurt me. I worried along, sometimes hardly able to leave my bed, but the demands of a growing family had to be attended to, so I would get up, do what was absolutely necessary, and then lie down again."

"One day, someone suggested Cardui to me. I took it for several months, and all the time I was growing stronger, and less nervous. My aches and pains finally disappeared."

"That was two years ago. My improvement has been permanent. The good health, which followed the taking of Cardui, is still with me, so I do not hesitate to recommend it to my friends."

TAKE **CARDUI** Helps Women to Health

Far-Reaching Cotton Research Program Being Conducted By Dr. B. Youngblood Is Given Praise

The following interesting description of the far reaching cotton research program being led by Dr. B. Youngblood was written by H. B. Killough of Washington, a former Aggie and printed in the last issue of the Texas Aggie:

Culture has been defined by an eminent scholar as "intellectual achievement." Many illustrations are at hand of the wealth of culture accumulating at Texas A. and M. College to redound in future generations to the greatness of the Institution. Prominent among these illustrious may be cited the development of a national program of cotton marketing research conceived and directed by Dr. B. Youngblood of Texas A. and M. College.

Readers of the Texas Aggie will be proud to know that the Nation turned in a national emergency to Texas A. and M. College for the man to develop an economic program for cotton farmers. It was to organize and direct this work that Dr. B. Youngblood, Director of the Texas Agricultural Experiment Station, B. S., M. S., Texas A. and M. College, Ph. D. University of Wisconsin, a man combining in rare degree, high qualities of scholarship with practical ideas of business management and human progress, was granted leave of absence from Texas A. and M. College.

On the supply side of the market studies are under way having to do with the spinning utilities of the annual supply of American cotton involving: (1) estimates of the grades and staples annually produced; (2) physical studies of the grades, staples and characters of the several cottons represented in the universal standards; (3) spinning tests of different growths and varieties according to their grade, staple, and character, with a view to determining the qualities of the different yarns produced from them.

On the demand side of the market the demand naturally falls into two major categories: (1) the securing of information from cotton mills as to the kinds of cotton consumed annually by grades, staples and character to serve as a guide in the selection of varieties and to make possible the development of an index of

demand; (2) market analysis to find new uses and to extend existing uses for cotton.

Any such extensive undertaking as the cotton research program with which Dr. Youngblood is associated requires a goodly number of trained men. Texas A. and M. College men have fared well in the competitive struggle for these positions all of which require civil service ratings. The writer holds the achieving of a civil service rating in high esteem. It is a hurdle that only scientifically trained men can pass. Among the men who have passed the civil service examinations and are associated with Dr. Youngblood in the cotton research work, the following have received all or a part of their scientific training at Texas A. and M. College.

W. B. Lanham, formerly Assistant Director of Extension Service, Texas A. and M. College and more recently of the Texas Experiment Station, is leader of the project for analyzing the annual cotton supply by grades and staples. Mr. Lanham is being assisted in this work by Sam McMillan, B. S. Texas A. and M. College, M. S. Cornell University, Professor of Farm Management, Texas A. and M. College; F. H. Robinson, B. S. A. Texas A. and M. College; and L. E. Dowd, Robert Spilman, and Walter M. Jeffries, all of whom received training at Texas A. and M. College.

On the demand side of the market the writer of this article, Hugh B. Killough, B. S. Texas A. and M. College, M. S. University of Wisconsin, Ph. D. Columbia University, is engaged in securing a measure of mill demand for cotton by grades and staples. The work of these men, under the leadership of Dr. B. Youngblood, will benefit the College in at least three ways:

1st. It represents a high quality of intellectual achievement which is the foundation of greatness of any educational institution.

2nd. It will supply information to enable the College to give better training to its students.

3rd. The contacts thus made will help properly trained A. and M. men to find positions of usefulness and opportunity. A Texas A. and M. Alumnus, '16.

LIONS FOSTER TRADES' DAY ON SATURDAY

LUNCHEON CLUB HEARS ONE
OF ITS BEST PROGRAMS OF
YEAR TODAY

With one of the best programs given at the Lions Club in a long time, the members mixed inspiring talks and excellent entertainment with a business session today.

The program, under the direction of Rev. A. F. Ainsworth, included addresses by Grover C. Good, State Y. M. C. A. worker, and Miss Bess Edwards of the Extension department of A. and M. College, and songs by the noted entertainer, Miss Catherine Hutcheon. J. A. Clutter of A. and M. College was introduced by G. L. Crawford as a new member. Others introduced were M. L. Cashion of A. and M. by Dr. F. D. Fuller, D. W. Foster of Nebraska by Supt. H. L. Durham, Rev. Thos. Gordon Watts, Rev. W. W. Daup and Henry Locke, the last named being introduced by Mat Vitopil.

A crowded business docket was discharged. It was voted to draw up a resolution to commend and thank the city administration for its good work in reducing taxes for Bryan and for the able manner in which the commissioners and City Manager J. Bryan Miller for the able manner in which they are handling the city's affairs. The committee to draw up the resolutions includes W. S. Howell, chairman; Henry Locke, and Jess Henshaw.

It was decided to invite the members of the Commissioners' Court to attend the Lions Club luncheon the next time that body convened in Bryan. The following committee was appointed to offer the invitation: W. E. Neeley, chairman; M. M. Erskine and Willard Chambers.

Upon suggestion of Fred Hale, Lion W. S. Howell was commended for providing a fair for the people of Brazos county, which will be held here Saturday. This committee was named to ask the merchants to put out their flags Saturday and co-operate with Mr. Howell in handling his fair: R. C. Franks, chairman; Fred Hale, J. E. Henson, and U. M. Brock.

Harry S. Edge, chairman of the trade's day committee, reported that his committee, working with the Chamber of Commerce and its secretary, has decided to have the first one Saturday in connection with the fair. He said that the merchants were expected to offer special inducements that day. If the day proves a success, these events will be held each month.

Norman Danby called attention to the all football game Friday between Allen Academy and Terrell Military Academy of Dallas, and the high school game Thursday between Bryan and Huntsville. He suggested that a committee be appointed to ask the merchants to allow their employees to attend these games. The following committee was named to make a canvass: Bill Wimberly, chairman; Joe Kaplan, Harry Edge, and W. H. Looney.

Upon suggestion of Willard Chambers, President Ty Cobb was instructed to write Chairman W. H. Cole of the city development committee of the Chamber of Commerce and give the congratulations and appreciation of the Lions Club for his work and that of the ladies in securing the 700 signers for gas at Bryan and College.

Upon the suggestion of Dr. F. D. Fuller, a motion was passed commending Allen Academy and Captain George W. Griner upon the local school's winning first place at the R. O. T. C. drill contest in Dallas Friday.

The president announced that the program committee for November would be B. L. Durham and Fred Hale. The classification talks will be made by Dr. F. D. Fuller, W. S. Howell, and J. E. Blair.

The addresses of Grover C. Good and Miss Edwards were particularly good and they held their audience spellbound. Mr. Good told of the benefits of the Y. M. C. A. organizations, and pleaded for closer relations between father and son and son and church. Miss Edwards suggested a proper food diet for all, and took special notice of the remarkable work being done in Brazos county by the boys and girls' club members and the community clubs. She cited specific examples of where Brazos county girls had not only learned to cook and to sew, but also to enrich the family coffers. Miss Hutcheon's singing was given much applause.

A letter was read from Miss Estelle Armstrong, a Brazos county club girl, thanking the Lions for sending her to the State Fair.

The following were present: F. D. Fuller, Grover C. Good, M. L. Cashion, W. W. Daup, Noah W. Danby, M. M. Erskine, D. W. Feaster, Harry L. Durham, George W. Griner, F. B. Patronella, Joe Kaplan, M. F. Vitopil, H. H. Young, U. M. Brock, Norman Danby, Fred Hale, Henry Locke, Bill Wimberly, W. H. Looney, Thomas G. Watts, R. C. Franks, G. L. Crawford, J. A. Clutter, Ross M. Sherwood, J. Coulter Smith, W. E. Neeley, C. E. Griesser, H. D. Sanders, J. E. Henson, J. E. Henshaw, Harry S. Edge, J. Bryan Miller, Miss Bess Edwards, A. F. Ainsworth, W. S. Howell, Ty Cobb, Miss Catherine Hutcheon, Mrs. Roy Danforth.

GINNINGS ARE GIVEN BULLISH INTERPRETATIONS AT MARKETS

Cotton of This Year's Growth Ginned Prior to
October 18 Totaled 8,118,978 Running
Bales; Report Is Behind That of This Time In
Year of 1926

(By Associated Press)

NEW ORLEANS, La., Oct. 25.—The price of cotton jumped \$3.00 per bale here today on the publication of the Census Bureau ginnings report. The market soon eased off 14 to 19 points on the realizing, however.

NEW YORK, Oct. 25.—The price of cotton rose more than \$2.00 per bale here today when the Census Bureau's report on cotton ginnings was given a bullish interpretation.

WASHINGTON, Oct. 25.—Cotton of this year's growth ginned prior to October 18, totaled 8,118,978 running bales, counting 252,978 round bales as half bales, excluding linters, the Census Bureau announced today. Ginnings to October 18 last year totaled 8,727,709 bales. Texas ginnings totaled 2,886,822 bales.

Bible Sees Stabilizing Factor In Outcome Of Aggie-Frogs Game That May Prove Helpful To Aggies

COLLEGE STATION, Oct. 25.—In the outcome of the game last Saturday with the Horned Frogs of T. C. U., a 0 to 0 tie, Coach Dana X Bible sees a stabilizing factor that may contribute materially in a helpful way to the Aggies for the remainder of their conference schedule. Inasmuch as A. and M. entered the contest as the favorites to win considerable gloom prevailed in the Aggies' camp following the brilliant defensive showing of the Frogs that held them to a scoreless tie game. It was not the first time Matty Bell's gridsters have upset the dope either. And this contributed in part to the ultramarine haze that hovered over Aggie land when the battle had been fought and the result hung up.

However, as Coach Bible points out, that is now history and possibly helpful history. The game at Lubbock next Friday, Oct. 28, with the Texas Technological College, is next on the card and Bible and the Aggies are looking that way. This week's practice for the clash at Lubbock promises to be one of very light workouts with no drill on new plays or formations. The idea is to let the players rest up a bit and to get them in as good physical condition as possible for the Plains. Great preparations for the initial game between the Aggies and the Matadors have been made and indications are that West Texas will turn out a record breaking crowd for the contest. In consequence the Matadors may be expected to stage a hard battle.

"We have not overlooked that fact," said Bible, "and the Aggies realize they will play another inspired team at Lubbock, just as they played one at Fort Worth last Saturday. This means the boys will have to be in shape mentally and physically. The T. C. U. game may be considered as having given them the right frame of mind and it will be up to the coaches to get them in shape physically. There will be some work with Texas Tech

plays, but for the most part the practice will consist of light workouts."

Indications are that Conover, Burgess and Varnell will be in the game at Lubbock, at least part of the time. Due to sprained ankles, neither Conover nor Varnell played in the T. C. U. game and Burgess, still nursing a fractured rib, was sent in for only a few minutes. The only casualty of the game with the Frogs was a sprained ankle suffered by Figari, one of the regular guards. It is possible he will not get in the game at Lubbock.

The Aggies will leave here Wednesday night for Caldwell in motor cars and will board Pullman there for the trip by the Santa Fe to Lubbock where they are due to arrive Thursday afternoon in time to timber up in workout on the Texas Tech gridiron. They will leave Lubbock Friday night and are expected to get back here Saturday afternoon in time for a light workout which should give them a one-day advantage in preparation for the game with S. M. U. Nov. 5.

In commenting upon the game with T. C. U., Bible with his usual genial smile found only warm words of praise for the showing of the Frogs and attempted no allusion to the Aggies. "As the result showed, T. C. U. played a strong defensive game," he said. "The playing of Rags Matthews at left end was particularly outstanding. Against such resistance it would have been necessary for a team to do better than its best to make headway. We had too many inexperienced men in the line-up to rise to the occasion. The Horned Frogs should get the credit they merit for their brilliant defensive work. Had Captain Blackie Williams for the Frogs and Conover, Burgess and Varnell for the Aggies been in the game, it would have been a great offensive battle. As it was, it was purely a defensive game with neither team displaying an attack of sufficient strength to make a sustained drive."

Bryan, Within The Shadow Of A-M. College, Is Ideal Location For A Cotton Mill, Says C. of C. Speaker

J. M. Gregg, secretary-treasurer of the Southern Textile Association of Charlotte, N. C., was the principal speaker at today's meeting of the Bryan and Brazos County Chamber of Commerce meeting, and stated that Bryan, within the shadow of A. and M. College, is an ideal location for a cotton mill.

With the mill and college located together, each could be of much aid to the other. The entire State of Texas would benefit by this plan and the success of the mill would be assured.

He said that there are 1,500 cotton mills in the south, 587 of which are located in North Carolina, and only 26 are to be found in Texas. Texas should be a coming State in the textile industry. The cotton is raised here and expense would be saved in freight. The State of Texas alone would furnish a big market for cotton. New markets are being created all of the time. He said that recently cotton is finding new use as airplane cloth, parachute cloth, and that cotton is now being used for many purposes that formerly were filled by burlap.

He was introduced by his uncle, F. E. Lichte of A. and M. College.

The secretary reported a new member, F. E. Giesecke.

The advertising and soliciting committee reported 12 solicitors for funds and eight for advertising were refused endorsement.

Mr. Cole further reported on the paving proposition from the Main

MORE LABORATORY FACILITIES FOR A & M COLLEGE

COLLEGE STATION, Oct. 25.—Enlargement of its laboratory facilities for giving practical instruction in industrial lines has been made recently at the A. and M. College of Texas through the installation of equipment for making soap as a by-product of cottonseed.

This soap making equipment, consisting of a soap kettle, mixer and hydrogenation apparatus, was presented to the department of chemistry and chemical engineering of the college by the Proctor & Gamble Company of Cincinnati, Ohio. Added to the complete cotton seed oil and refining mill equipment presented to the department by the Texas Cotton Seed Crushers' Association last year, this new equipment gives the college the final apparatus necessary to carry cotton seed from the raw state through the various processes of cleaning, delinting, hulling, crushing and pressing processes and the refining of the cotton seed oil into a hardened product by hydrogenation and the using of the soap stock from the crude cotton seed oil for making soap.

With such equipment the A. and M. College of Texas is the first and only institution of higher learning equipped for such work. The soap making equipment was furnished by the Proctor & Gamble Company at the request of H. E. Wilson, chairman of the educational committee on cooperation with the college for the Texas Cotton Seed Crushers' Association.

The chemical engineering students will operate the cotton seed oil mill during October and November under the direct supervision of a specialist in each division of the work, sent to the college for the purpose by the Texas Cotton Seed Crushers' Association.

Thanksgiving Tickets Go On Sale On Nov. 1

COLLEGE STATION, Oct. 25.—James Sullivan, business manager of athletics at the A. and M. College, has called attention to the fact that tickets for the Thanksgiving game between A. and M. and the University of Texas will not be placed on sale until Nov. 1 and after.

"Many orders for tickets accompanied by checks are being received," said Mr. Sullivan. "Since we can't accept orders for tickets until after November 1, we are returning these checks to the senders. It will be much better for those who desire tickets to wait until Nov. 1 to order, since we cannot fill orders until then. Tickets for the game are \$2.50 and those who order should send cashier's check or money order with their order."

Mr. Sullivan further pointed out that the University of Texas has the disposal of half of the tickets and that just as good seats may be obtained by applying there as here. No difficulty is anticipated in caring for the crowd. The new concrete unit of the A. and M. stadium, seating around 10,000 is already in use. Steel stands now in use will accommodate 10,000 more. "We will take care of the crowd if we have to erect a lot of extra seats," Sullivan said. It is expected that it will be possible to seat 25,000 if the need requires.

Presbyterian Auxiliary Has Monthly Meet

The Woman's Auxiliary of the First Presbyterian church held its monthly inspirational meeting, Monday afternoon at 3:30 o'clock at the home of the president of the auxiliary, Mrs. M. E. Wallace.

The afternoon was ideal the golden autumn sunshine streaming through windows and doors and making beautiful all the world outside. Yellow cosmos in profusion was used in the decoration of the spacious rooms, with baskets of bronzed chrysanthemums occupying special place in the library and reception hall. Mrs. Wallace, assisted by Miss Ethel Cavitt, leader of the program for the afternoon greeted the guests at the door and gave cordial welcome. Beside the membership of the auxiliary there were many visiting Presbyterians from College, and also visitors from other churches of Bryan, making a large audience to enjoy the program as given in the library from 4 to 5 p. m.

Mrs. Wallace called the meeting to order, calling the roll by Circles. The opening prayer was offered by Mrs. T. G. Watts, wife of the pastor, after which Miss Ethel Cavitt took charge and introduced those who gave the numbers as follows: Vocal quartette, by Mr. and Mrs. E. R. Bryant and Dr. and Mrs. Jno. W. Black; solo, Miss Mildred Salley, accompanied on the piano by Miss Katherine Higgs; Inspirational Talk, by Mrs. Albert Buchanan; piano solo, by Kathleen Stuart; remarks by the pastor, Dr. Thos. Gordon Watts; solo, "There's a Beautiful Garden," Miss Mildred Salley, Miss Higgs accompanying; closing prayer by the pastor.

Following the program a social half hour was enjoyed, at which time refreshments of ice cream and cake were served.

Eagle Want Ads always bring quick results.

Brazos County Farmer Proves Good Staple Cotton Pays When He Gets Nearly \$11,000 Clear Profit

The appended item from the Navasota Daily Examiner will be of interest to numerous friends of John D. Rogers, as well as to every farmer who is interested in better farming:

Making or growing a good product instead of an inferior one is a thing that has long been stressed and in some instances has been heeded but to a great extent in the growing of cotton, however, only a few days ago there was a strong object lesson proving this good doctrine to be sound to the core, by the sale of 548 bales of cotton by one man at \$4.00 per hundred over the middling market, an equivalent of nearly \$11,000 clear profit because of the staple which he offered for sale.

This sale was made last Saturday by John D. Rogers, grower and breeder of the Acala cotton seed. The sale was made at the price of 24.90 cents per pound f. o. b. Navasota and the cotton is to be shipped to some point in North Carolina. It was not the regular long staple cotton, but a good staple ranging from 1-8 to 1-5-16 inches, a staple that can be ginned on the same gins as the ordinary middling cotton. The price for spot cotton as quoted here last Saturday was 20.75 cents per lb. middling basis, but Mr. Rogers was paid 24.90 cents net for his product or a little more than 4 cents per pound over the middling price.

A little ciphering shows the big difference in the amount of money Mr. Rogers received for his cotton and that which would have been paid for the ordinary run of cotton sold on the market here. Estimating that the bales averaged 500 pounds he made a net profit of \$20 per bale. The 548 bales would therefore have brought \$10,960 more than at the middling price. The spinners want a good staple and will pay for it.

Glazener Will Direct "The Lay of the Hen" Play at Kurten Oct. 27

V. R. Glazener, director of the educational service for the Purina Feed Company, is expected in Bryan Wednesday to make preparations for presenting "The Lay of a Hen," a comedy in four acts to be given at the Kurten auditorium Thursday night, October 27.

All who have seen this play are loud in their praise of it, declaring it to be highly educational and entertaining. The Kurten people are preparing to take care of the largest crowd ever assembled in their new auditorium.

A. & M. Photographer Gets Pictures From Air On Root Rot

WACO, Oct. 25.—C. B. Neblett, staff photographer of the Texas Agricultural Experiment Station System, arrived here today from Temple where he made a number of photographs from the air showing the distribution of cotton root rot damage in the area around Temple. A number of fields showing striking evidences of root rot damage in and around Waco were also photographed.

Plans Being Drawn For a New Bridge

(By Associated Press)
AUSTIN, Oct. 25.—New plans are being drawn for a bridge over the Brazos River on Highway No. 20, near Brenham, G. G. Wickline State Bridge Engineer said Monday, and bids probably will be advertised in three or four weeks. Delays in getting plans approved have held up action, but all difficulties have been straightened out and actual construction is expected to start in the next three months. The bridge will be one of the largest in Texas.

Christian Endeavor To Meet In Bryan

The Houston district of the Christian Endeavor Society is to hold a rally in Bryan Sunday, October 30, at the Free Baptist church.

William A. Miller, Jr., president of the Houston district, and Miss Vera Belle Stephenson, secretary, were here in conference with Bryan officers in the organization. The following Bryan committees have been appointed for the occasion:

General Chairman: W. C. Holmes; finance, Eric Fletcher; music, Mrs. Walter Holmes; transportation, T. A. Cloud; entertainment, Mrs. Eric Fletcher; decoration, Mrs. Jack Bullard; publicity, Harry S. Edge.

The following program will be given:

Sunday Afternoon
Song service, Bob Jones, Houston, song leader. Address of welcome, Rev. J. J. Tatum, field secretary Southwestern Free Baptist Response, Houston. Special number, Devotional, Rev. C. B. Thompson, pastor Free Baptist Church, North Zulch. Special number, Our District Finances, Maxwell Higginbotham, treasurer, Houston District. Offertory, My Job, It Is What You Help Make It, officers and department superintendents of Houston District.

Sunday Evening
William A. Miller Jr., President Houston District presiding. Christian Endeavor, Mrs. Norman Kinne, leader. Song service, Bob Jones, Houston, song leader. Devotional, Mrs. Eric Fletcher. Special number, Offertory, Special number, Address, Rev. M. L. Hollis, pastor Free Baptist Church, Bryan. Mizpah Circle, Mizpah.

MISSIONARY SOCIETY
The Woman's Missionary Society of the Methodist church at College Station met in regular session Monday with Mrs. Ernest Gibbons with twelve members answering roll call and one visitor present. Mrs. J. R. McKee and Mrs. J. A. Mackay gave a very interesting lesson from the study book.

CHIEF POLICE OF BALLINGER SHOT TWICE

WOMAN BELIEVED GUILTY
FOR PROBABLE FATAL
SHOOTING OF OFFICER

(By Associated Press)
BALLINGER, Oct. 25.—Mrs. L. P. Payne, 35, mother of two children was held here today for an investigation in connection with the shooting of Chief of Police W. L. McMillan, 39, at her home today, but no charge has been filed. Both McMillan and Mrs. Payne made statements to the police.

W. L. McMillan, chief of police of Ballinger, probably was fatally wounded at 1:30 this morning when shot twice after he had answered an emergency call. One of the bullets lodged in his spine, causing paralysis from the breast down.

ALBERT FALL TAKES STAND AGAIN TODAY

FALL SAYS HE HAS NO OBJECTION TO GOVERNMENT'S REQUEST

(By Associated Press)
WASHINGTON, Oct. 25.—Albert Fall again spoke up personally in the trial of himself and Harry Sinclair on a charge of criminal conspiracy growing out of the Teapot Dome naval oil reserve leases. He told the justice he had no objection to the move by the government counsel to bring out certain technical matters in connection with the structure under the Teapot Dome. George Hoover, counsel for Sinclair, had objected when Fall interposed.

Many Social Affairs Honoring Bride-To-Be

Among the social affairs of the week to be given in honor of Miss Onah Astin whose marriage to Mr. Seth W. Barwise will be solemnized November 10 are, a bridge luncheon on Wednesday given by Mrs. G. S. Parker at her home on South College avenue.

Thursday afternoon Miss Jean Edge entertains with a bridge party at the home of her parents Mr. and Mrs. Eugene Edge, naming Miss Onah Astin as honoree. Friday afternoon, Misses Patti and Gertrude Sims will be joint hostesses, and have named as honorees for the hour, Miss Onah Astin and Mrs. Lyman Reed.

Master John Edge Celebrates Birthday With Party At School

Master John Edge, son of Mr. and Mrs. V. B. Edge, was eight years old today, and celebrated the occasion by taking his big birthday cake and accompanying "cats" to the third grade, Miss Moran's room at school, this afternoon, and inviting his teacher and schoolmates to enjoy it with him. Mrs. Edge, John's mother, is also a P-T-A. grade mother for the third grade, and this occasion was planned by her to give joy to this grade of children as well as celebrate her son's birthday. Just as school dismissed the birthday celebration began, and it was one of the most delightful affairs of the week.

Sanity Trial Takes Recess

(By Associated Press)
LOCKHART, Oct. 25.—The sanity trial of A. V. Milliken, convicted slayer of Mrs. Virginia Petty, was recessed this morning until this afternoon to allow counsel time to prepare briefs on the question of whether anything prior to his conviction will be allowed in the testimony. The State wants to exclude such evidence.

Edwin Crenshaw arrived yesterday from his home in New York city, for a visit to his parents, Mr. and Mrs. E. W. Crenshaw.

College of Industrial Arts News

(By Nell Eden, of Bryan, Student of Journalism
at C. I. A.)

DENTON, Oct. 24.—Three C. I. A. granddaughters are now attending the college, and another attended the summer session of 1927. The first granddaughter, Janet Mahaffey of Mount Vernon, enrolled in C. I. A. last year. Her mother was Mattie Colley, who entered the college in 1903 and later received her diploma. The second was Florence Petzel of Chicago, Illinois, who attended the past summer session but is now attending the University of Chicago. Miss Petzel's mother, formerly Eloise Punched, came to C. I. A. in 1908 and also received her diploma. The third granddaughter is Ethna Green, a freshman, whose mother was Ruth Stars of Floydada, who attended the college from 1907 to 1909. The last granddaughter is Rose Greenwood, another freshman, whose mother, originally Virginia Mills, not only attended the college from 1903 to 1907 for her diploma, but also returned in 1924, 1925 and 1926, for her degree. She is now teaching in Galveston. According to Miss Knox, ex-student

secretary, all the C. I. A. granddaughters grew up with the idea and desire to come to C. I. A.

Students of the College of Industrial Arts were invited to the A. and M. T. C. U. football game in Fort Worth on Saturday, and to all other affairs honoring the visiting cadets, according to a letter written by C. M. Fleming, president of the Fort Worth chapter of the A. and M. Ex-Students' Association, to President Hubbard.

A pair of hand carved, black walnut book-ends, made by Agnes Northstine of Denton in the wood working class, were sent to Governor Moody from C. I. A.

Twenty-nine letters were received by Miss Nedra Cooper of Fort Worth, all of them postmarked College Station. Upon investigation it seemed that the "boy friend" who is an upperclassman at A. and M., had solicited the aid of a number of freshmen in producing a new thrill for "Miss C. I. A."

Thelma-Lee Jones of Falfurrias, senior student in voice, won first place in the local audition contest staged by the Atwater-Kent Radio Foundation in the auditorium. Miss Jones went to Dallas on Oct. 23 to sing in the state contest there. The contest is a nation-wide one, being conducted by the Atwater-Kent Foundation for the purpose of discovering young American singers.

Rotary Club Will Sponsor Christmas Seals In Bryan

The Rotary Club, with Oak McKenzie, president, has agreed to sponsor the sale of tuberculosis Christmas seals in Bryan, according to Miss Pansy Nichols, director of child health education of the Texas Public Health Association.

Mrs. E. O. Siecke, president of the A. and M. Consolidated Parent-Teacher Association of College Station has been appointed county chairman. Mrs. Siecke will direct the seal sale in the county of Brazos, outside of Bryan.

A Halloween carnival has been announced to be held at Tabor High School auditorium Friday night, and arrangements are being made for a great time. Many Bryan folk have been invited to take part in the program, and have a part in the carnival fun.

Mr. and Mrs. G. M. Johns and Mrs. Sim Cooper motored to Houston today.

EX-BRYAN GIRL IS MARRIED AT HEMPSTEAD

The following account from Hempstead, of the wedding of Miss Hettie Kosh, former Bryan girl, to Bill Maroney of Houston, will be read with interest by her many friends here: "At St. Mary's Catholic church, Saturday, Oct. 15, was solemnized the marriage of Miss Hettie Kosh and Bill Maroney of Houston, with Rev. Father Buduik of Chappel Hill and Father Banfield of Houston officiating. The bride was attended by her sister, Miss Annie Kosh, as maid of honor, and the groom's best man was Harry Canterbury of Houston. Misses Albina Sebesta and Annie Konecny of Bryan were bridesmaids and Messrs. Julian Kosh and Frank Mateck of San Antonio, groomsmen. The bride wore a rose colored crepe Romaine dress, trimmed with rhinestone buckles, and her hat and slippers were of silver with rhinestone trimmings. The bride's flowers were sweetheart buds and ferns. The bridesmaids wore Elizabeth crepe frocks in the pastel shades of peach, maize and Nile green, and carried pink carnations.

The bride is the daughter of Mr. and Mrs. Joe Kosh of Hempstead, and a young woman of many accomplishments and a charming disposition. The groom is district traffic manager for the Crown Petroleum company of Houston. Mr. and Mrs. Maroney will make Houston their home.

TABOR TALES

PROF. R. L. HEWETT, EDITOR

HALLOWE'EN CARNIVAL

At Tabor High
Fancy and select food of all kinds. Many booths, better than any circus. Everything from hot dogs to pie and coffee. Opens at 6 p. m. Supper on the grounds.

DUCKS AND DOVES

Last Saturday was the first time that the editor has had time to take down his favorite fowling piece to frighten the native game. I do not care to appear unskilled in the least, nor to have old St. Peter make any more ugly entries against me in his big ledger. In short, and in truth, my first steps led me down the open lane near a small tank where cattle wear a light as any school boy's, humming

"My Bonnie Lies Over the Ocean," with visions of doves flying overhead and dropping by twos and threes when challenged by my trusty Remington.
I know not why, but I chanced to cast my seeing eyes toward the tank. And there in broad open daylight under the blue sky sailed a squadron of what Mr. Bunting, who was my sole companion, and I, took to be ducks. No amount of ink and English can slightly portray the maneuverings in which I circled widely to the right, back to the left, then low creepings next the cool bosom of this terrestrial globe. In the course of some 30 minutes I found myself, as you might suspect, sufficiently near to rise and commence the bombardment. Upon standing erect I must

have presented a terrible aspect, for the squadron let out not so much as a single squawk nor attempted to rise from the quiet water. Indeed the members of that little group seemed to understand the situation perfectly and probably overcome by the agile floated motionless a moment. They proved themselves no cringing birds, the strange surprise of the first spell over, they swam closer together as if to find consolation and surcease in the hour of their doom and drove in a direction opposite to where I was standing.

As I care only to write the truth, I can do nothing else than say for the moment I was overcome by a strange emotion—standing there, a machine of terrible destruction in my hands, these simple feathered beings made by the same hands that fashioned me, receding peacefully and majestically away, and the beauty of the autumn, of which these creatures were a part, overcame me. It is such moments as these that the best in man shows, and if the situation could be held might make a lasting change. It is in such moments as these, too, that the slightest thing will suddenly sweep one into the opposite stream.

I fired. One flew. But seeing two of his companions in their death struggles and the other two limping pitifully near their return, and as their spirits went up his came down.

All the birds having fallen in the water, it was not till an hour later that with much roping and chinking shore—a mud hen.

Yes, I killed ten doves and Mr. Bunting about as many. They hadn't half the character of the mud hens, so I felt no prickle of conscience.

Won't you write the editor or tell him the next time you see him that you read the "Tabor Tales," and what you think of them?

At last our new science equipment is unpacked and placed in the new cabinet and lockers designed especially for that purpose. This is one more important step toward the development of a greater school at Tabor. All those deeply interested in the school and its growth are planning, or rather have already planned, quite a number of other improvements to be made as quickly as the funds can be raised to finance them. To this end a number of entertainments will be given at the Tabor school auditorium during this term of school; and, judging from the enthusiasm of the few persons it has been my privilege to discuss the matter with, I feel assured of the heartiest cooperation of this and neighboring communities. There was never a truer maximum than the old one which tells us that "Nothing great was ever achieved without enthusiasm." So far we have failed to get our notices before the public as far in advance of the events as we should like to have had them, but we hope that anyone hearing of our entertainments will pass the knowledge on to all who may be interested in such events. We are especially anxious to have people from other communities as we are anxious to meet and enjoy the companionship of as many people as possible. Did you ever stop to think what your life would be without companions? Let us not allow ourselves to become disciples of selfishness, of the destroyer of that good old fashioned spirit of neighborliness that brings more joy and peace to a community than any other one factor.

The Epworth Leagues are working extra hard these last Sunday. Better programs are being planned and more interest manifested. According to recent count there are 52 members enlisted on the contesting sides. Next Sunday night we want every member to be present. Of course we realize that sickness is preventing the attendance of some of our most faithful attendants but some of us just forgot to get there last Sunday. From now on we shall make a desperate attempt to be present

when the roll is called. Some day when we are perhaps thinking of other things as we often do when we should be thinking of God and helping others to think of Him, we shall suddenly be brought face to face with the Divine Creator when we will doubtless be reminded of the many opportunities we had to work for Him and the times we lost them because of some easily available reasons. These young people of our league need the help and encouragement of each other and of the older people of our community. Every one of us has an influence which no one else has and we should be good to others or makes it easier for others to do wrong. Do you realize that every time you are absent from a meeting someone else will think, "Well, it seems that if it is right or convenient for him or her to stay away I guess I had just as well stay away too." That is simply a case of natural psychology. If you do not feel that you can participate in the talking on the program, do not let that keep you away. If you can't talk in public maybe you can sing or if you can't sing, maybe your work is that of a good listener. You just have to tell us what you wish to do and we will certainly be delighted to give you the chance to do as you feel best fitted to do. Your presence alone encourages us. "Come over and help us." The following members have already enlisted their help and we especially ask each of them to be there at 7:30 sharp next Sunday:

Contesting Sides
No. 1—Leader, Bertha Walker, Ruby Walker, Herbert Henry, Oscar Wilson, Chester Kirby, Ollie Wilson, Howard Sooper, Earl McWhorter, Edgar Barnes, Maggie Benbow, Mrs. R. L. Hewett, Pauline Benbow, Mrs. L. R. Hewett, Pauline Walker, Sam Walker, Henry Barnes, George Broach, Rev. Chadwick, Noah McWhorter, Bessie McWhorter, Walter Armstrong, Gladys Closs, Ruth Cooper, Aline McWhorter, Paul Walker, Jim Wilson, Roland Hudspeth, Miss Turner, Fred Locke, Charlie McWhorter, Ray McWhorter, Maude Walker.
No. 2—Leader, Brown Wilson, R. L. Hewett, Norene Brown, Mae Walker, Effie Wilson, Roy Walker, Woodrow Walker, Mrs. Dora Walker, Marie Walker, Sue Benbow, Sherman Walker, Bettie Walker, Pearl Walker, Earl Presnal, Joe Walker, Mr. Moody, Mrs. Moody, Ethel Moody, Aubrey Moody, Ivy Barnes, Bob Francis, Mrs. Bob Francis.

THE LADIES' CLUB
The Ladies' Club will meet Nov. 1. Every lady is cordially invited to meet and enjoy the discussions while we learn some valuable facts about the alteration of patterns from Miss Givens. Other community problems will probably be discussed which need the attention of every lady in the community. Be there!

THREE GAMES PLAYED ON TABOR COURTS FRIDAY OCTOBER 21
(By Elaine Elliott)
Three basket ball games were played here Friday afternoon. The first game was between Tabor girls and Kurten girls. Kurten was defeated by a score of 34 to 6. Players for both sides were: Tabor—Kurten
Mary Ella Elliott, Elsie Rae Gilpin Forward
Pauline Walker—Helen Schram Forward
Eula Henry—Edelweiss Schultz Center
Vilma Holiday—Gertrude Kurten Center
Nora Wilson—Gussie Killenbrink Guard
Elinora Cox—Corine Yeager Guard
Substitutes for Tabor: Bessie Barnes for Pauline Walker, Thelma Cox for Bessie Barnes, Liddia Francis for Vilma Holiday, Aline McWhorter for Elinora Cox.
Referee: Miss Wallin.
Timekeeper: Mrs. Stockton.
Scorer: Elmer Elliott.

The next game was played by Tabor Juniors and Kurten Juniors. Tabor was defeated by a score of 41 to 1.
The last game was played by Tabor and Kurten senior boys. Kurten was defeated by a score of 21 to 17. This was the first game the Tabor boys had played. They played a very fast game. Kurten also has a good team and they made Tabor work hard. Oscar Wilson was high point man for Tabor. He scored 14 points for his team. Sabo was high point man for Kurten by scoring 13 points. Players for both sides were:
Tabor—Kurten
Joe Batten—Gilpin Center
E. Wilson—Sabo (C) Forward
O. Wilson—Yeager Forward
E. McWhorter (C)—L. Lloyd Guard
Jerry Wilson—Kurten Guard
Substitutes for Tabor were: Woodrow Walker, E. Schram, F. Nichols, E. Barnes, W. S. Francis.
Substitutes for Kurten were: Jones, Hedke, J. Yeager, Michal. Officials for the game were: Referee, Dave Bunting; timekeeper, Mr. Rudd; scorer, Elmer Elliott.

WHERE IS TABOR'S SPIRIT?
(By David Bunting)
We were sorry that there was only a small crowd at the school last Friday evening to help yell for Tabor. We had two good games, and the third one was not bad. Our junior boys are little, but they have more fight and grit

DOMINICK, BROTHER OF JOE CANJAMIE, CRITICALLY HURT

Accident Occurs at Steele's Store Today When Southern Pacific Freight Train Crashes Into Automobile With Brothers During Early Morning Fog; Brought to Hospital

(From Monday's Daily)

Joe Canjamie, 12, is dead, and his brother, Dominick Canjamie, 21, is critically wounded as a result of a crash between a Southern Pacific freight train and an automobile containing the two boys at Steele's Store during an early morning fog today. The boys were brought to the Bryan Hospital by the McCulloch-Dansby ambulance. Joe Canjamie died at 11 o'clock this morning, while his brother is critically ill. The boys were driving from their home to Steele's Store, the accident happening at 7 o'clock. Funeral arrangements for Joe Canjamie, have not been completed.

than any bunch of boys their size in Brazos county. They have got the stuff it takes to make real boys and then real men; and it is up to you, people of Tabor, to come out and encourage them in their fight for their school and your school. They are now forming the habits that will help in that later fight in life; and if you do not encourage them, who will? Come out to these games and do your bit. Do not wait to be asked, but you ask about the games.

We go to Kurten Friday evening Oct. 28, 1927, to begin playing by three o'clock. We would like to have some rooters to go with us. Won't you go?

Personals
If there is one duck between two ducks and a duck in front of two ducks, and a duck behind two ducks, how many ducks are there?

Our students do not go to sleep, but the desks are so large that some of the students' feet won't touch the floor and go to sleep. Parents, this should be corrected.

All the students in the fifth and sixth grades are beginning to like muscular hand writing. Most all are improving some, but Henry Moore has made the biggest improvement so far.

The fifth and sixth grade room is making great progress in the correction of such mistakes in grammar as: "I seen," "I done," "them boys" and "haven't got no." We wish the mothers and fathers would join us in this fight against incorrect speech.

the Home one day in a year. Dr. Wilkerson talked on foreign missions. I wish more people could have heard the talks on different subjects; they were interesting and helpful.

Ted Cook and family of Bryan visited Mr. Cook's parents, Mr. and Mrs. L. M. Cook and family last Sunday.

Joe Cangemi's Funeral Today

(From Tuesday's Daily)

Funeral services for Joe Cangemi, age 11 years, 2 months and 6 days were held from the chapel of the McCulloch-Dansby funeral home Tuesday afternoon at 2:45 o'clock and at St. Joseph's church at 3 o'clock, conducted by Rev. Basil Bravi. Interment was in the Bryan Catholic cemetery under direction of McCulloch-Dansby, funeral directors.

The child died yesterday at 11 o'clock in a local hospital, following injuries received in an automobile-train accident at Sims crossing near Steele's Store, during a heavy fog. Besides the parents he is survived by 5 brothers and 2 sisters, Dominick, Tony, Veto, Sam and Frank Cangemi, Misses Antolina and Dora Cangemi, all residents of Steele's Store.

BRYAN FOLKS IN HOUSTON
Mat Vitopil, George Stephan, J. T. Maloney and Emmett Holland of Edge, have returned from Houston where they spent last week on the federal jury with Judge J. C. Hutchenson presiding. Mr. Vitopil was excused from service this week, but George Stephan, J. T. Maloney and Emmett Holland returned to Houston again this morning for jury service this week.

Miss Ino wants to know who put cat in catcombs.

QUEEN

FRIDAY AND SATURDAY

The Cat and the Canary

Steepest Hollow

STEEPEST HOLLOW, Oct. 27. — Sidney Atkinson of Corsicana visited our Sunday School Sunday. He is visiting his sister, Mrs. W. E. Moore and family.

M. P. Mims spent the week-end with his brother, J. L. Mims and family of Fort Worth.

Mr. and Mrs. W. N. Risinger of East Texas are visiting Mr. Risinger's parents, Mr. and Mrs. C. M. Risinger and family and other relatives.

Mrs. J. W. Hawthorne and her mother Mrs. Graham of Harvey visited in the W. M. Garner home one evening last week.

Several from this community attended the Brazos County Association at the College Avenue Baptist church Thursday and Friday. They had good talks. Mr. Evans talked on the Buckner Orphan Home. It cost three hundred dollars a day to feed them. He is trying to get 365 people to feed

The New Ford

Henry Ford with his vast resources and combined wealth has determined to still give the greatest automobile value ever offered in the low priced field. At the staggering cost ranging from \$150,000,000 to \$200,000,000 he is building an automobile two years in advance of the times.

This car will have mechanical features that will even surprise the drivers of cars in the so called "high priced class"; yet this new car will be in the reach of the masses.

Confidence in FORD is shown by the many thousands of orders now being placed with his dealers.

This car will be thoroughly tested by every road condition before it is put in the hands of the owner. This will eliminate every possible element of chance. Naturally, knowing these facts, it behooves anyone desiring a car in any class to wait and see the NEW FORD.

YOU WILL BE GLAD YOU WAITED

Orders are now being accepted subject to approval. You have nothing to lose.
